LIFE

Doug,

I've finally made it! It's been tough these two years without you. All those things the three of us did I'll never forget. You're the guy who took me to all the parties, taught me (well sort of ^{Ha}) to drive SPACE KADETTE, and many other things I'll never forget. I can't wait until I go to college. Even though we're close, it's hard because for the past two years you've always been on a different level. I hope you get into USC. We could visit one another all the time. You could introduce me to all the cute guys down there. Thanks Doug for always being so nice. I always yell at you and even though you should punch me in the gut you don't. Remember all the trips to Colusa and the river when you'd try to buy, (actually I think we forced you to). There are so many memories I'll treasure from all my experiences with you and Erin. I'm looking forward to many more. I hope you like this yearbook. There are some mistakes, all of which I'm blaming on the yearbook company ^{Ha}!! Anyway, Doug, I love you and your whole family. I love going over to your house and just laughing the night away. Let's do it more often. I love you a lot. I can't wait for next year. Thanks for being such a good friend!!
Love always from your very best pal,
Mary "83"

Pierce High School has always been associated with excellent sports teams, and this year was no exception. Though some of our teams lacked experience and brute strength, the high level of Pierce pride and sportsmanship was always maintained. Being on a team certainly

requires patience, an excellent attitude, and lots of enthusiasm, and Pierce High School has always been at the top of their league. Running, jumping, shooting, and spiking are our games, and MR. GUINNESS will be sure to know our name!

Ah- spectators crunching buttery popcorn, little boys playing their own game in the end zone, bright flags are flapping in the breeze, the announcer takes his place and the whistle blows. Everyone stands up for the kick off! Yes, it's Homecoming once again and the Pierce Bears clobber the Durham Trojans in a glorious victory.

The ceremonies between games were especially different this year. The Queens and captains from five years ago attended the 1982 Homecoming, along with this

Varsity Football

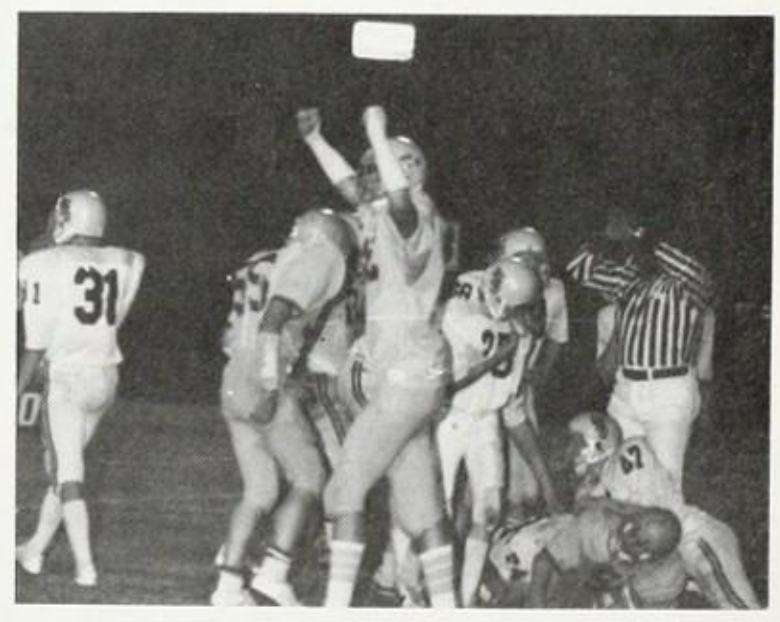

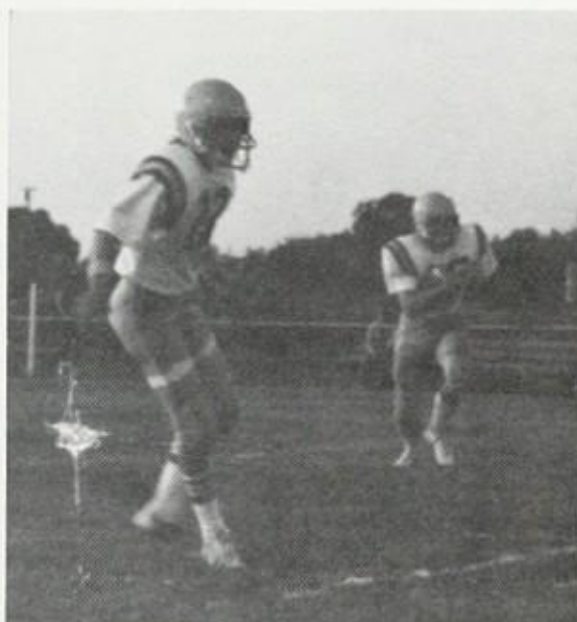

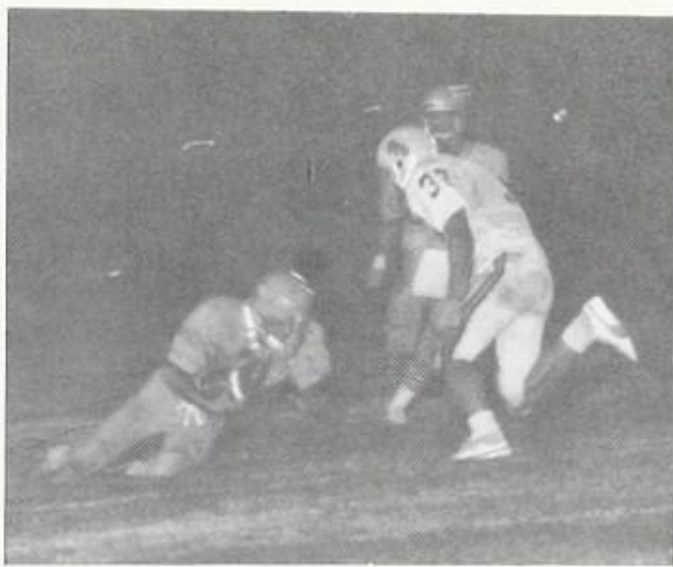

For a small group, the Varsity Football team did a tremendous job, coming in third overall in league standings. They played doggedly against larger teams in pre-games, and then fought with their Pierce spirit in the league games. Mid-season, the mighty Bears had to make up for the loss of their quarterback by using different plays. The Bears lost to the two team teams that went to the playoffs. Coach Schroeder commented, "This year was very successful!"

JV Football

The JV football team had lots of courage and enthusiasm, coming in 5th over-all. Being a young team, the Cubs lacked the experiece they needed, but tried their best all year and never gave up. Coach Brumley said, "The team always had a chance to win. They were always in the game, but sometimes they just couldn't get it together." The Bear Cubs did their best to uphold the fighting Pierce spirit.

The lack of strength and skill hurt the Bear Cubs, but this was definitely a learning year. The Junior Varsity girls captured the league title with an 11-1 record. They started as a scraggly team with only five sophomores, and not much experience from the remaining freshmen. COACH RUCKER pulled his first team together and taught them the skills they needed to win the league championship. "We had a super season, lot's of hard work and a very good team effort," commented RUCKER. Good job girls!

The uproaring class of '84' has definitely left its mark in Pierce High School. This rowdy bunch of Juniors had made rainy days seem sunny, and sunny days seem spectacular. With smiling faces and mischief in their

eyes, they lead the school with their great sense of humor. The class of '84' is known for its vivid imagination and artistic talent. The Juniors have had a great year and are CONCENTRATING too being Seniors at last.

TROUBLE

Sophomores

The class of "85" is an all around class. Athletically, as well as academically, the sophomores have filled the vacant spots in Pierce High School. Being known for their wild and crazy ways, they keep the faculty hopping and their peers in stitches. As sophomores these stu-

dents are looking forward to their Varsity years, and are very glad to have completed their freshmen year. These young people will be great leaders in future years if they can just manage to stay out of TROUBLE!

STAY ALIVE! Freshmen

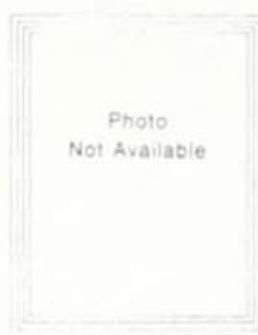

We are the struggling, but surviving class of '86'. As Freshmen we must participate in embarrassing pep rallies slightly humiliating initiations, and daring, dangerous walks down the hall. Though our freshmen year has been a bit of a hallowing experience, we have had many good

times at Pierce High, and have met many new people. Though it is not the beginning of the end for our high school days, we have finally reached the end of the beginning, and we, the Freshman Class of '86', are determined to STAY ALIVE.

Organizations SHENANIGANS

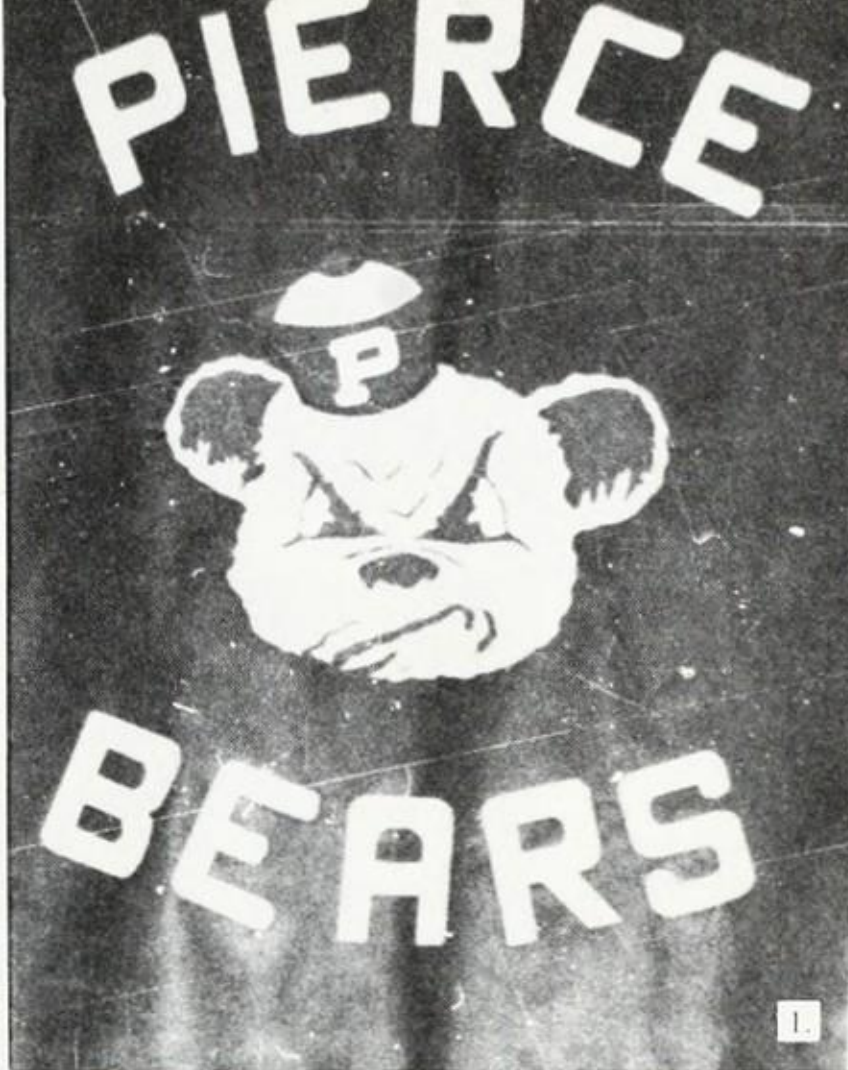

If you feel like being active Pierce High School is the place to be. There is some type of activity offered for every student here. Whether you want to be another Katherine Hepburn, or a Joe-Pro auto mechanic, Pierce is the best place to start. There are many groups and organizations

that anybody can join and participate in. Attending a small school makes it easy for many people to have the great experience of being officers or chairmen of committees. Pierce High students keep busy participating in SHENANIGANS.

Piercer/ Oracle Staff

As editors of the 1982-83 yearbook, we are very proud to present to you an original and exciting issue of The Piercer. You will find this yearbook filled with many special memories of the school year and these recaptured moments will bring a joy that everyone can share and feel good about. Working for the first time with Herff Jones Yearbook company, we have obtained much new knowledge and innovated changes which you will like and enjoy.

We would like to thank everyone for all their help, donations, patience, and cooperation. First of all, we would like to thank Cindi Tebeck, representative from Herff Jones for answering all our questions and for her time and effort in making our yearbook the best ever. We would also like to thank the faculty, Coronet, and our parents for their services and support, the patrons and business people for their donations, the Piercer staff for their patience, cooperation, time, and effort, and Mr. Bell, our principal, for supporting our activities and making our plans run smoothly. We give extra special thanks to Mrs. Fisher for all her help. Without it, we might not have completed the book.

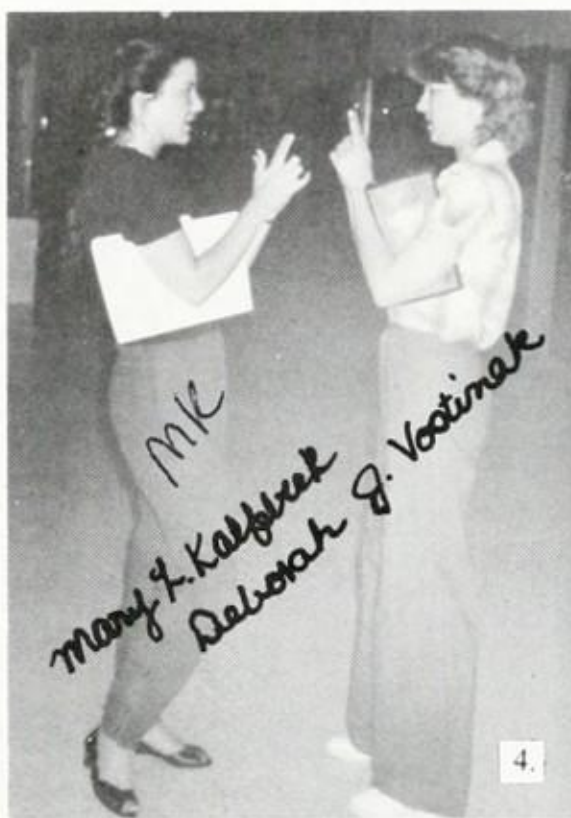

We have enjoyed being editors of the 1982-83 Piercer and we wish next year's editors the very best of luck.

Thanks again,

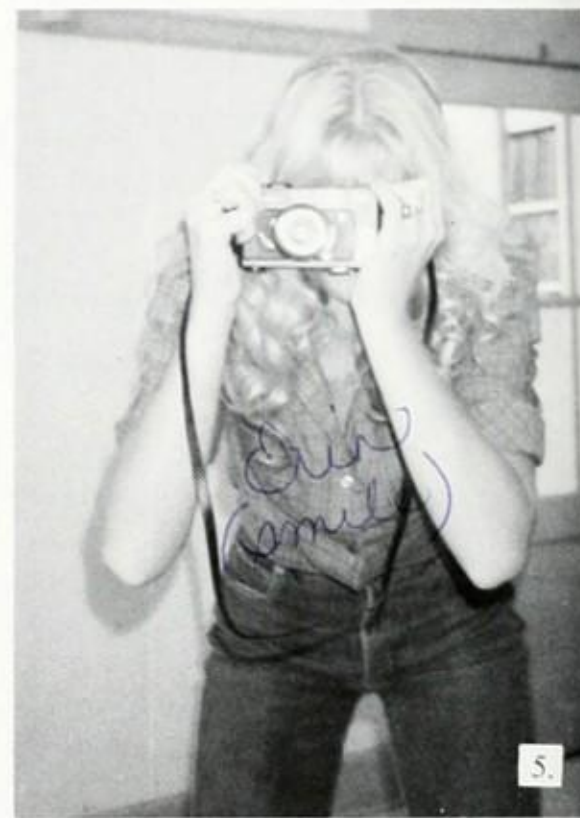

Mary Kalfsbeek and Deborah Vostinak, Editors

Student Body Officers

President's Message

Fellow students:

I would like to thank the student Body of Pierce High School for giving me the honor and the opportunity to serve as Student Body President.

The office was an interesting and challenging experience. One had the opportunity to deal with an endless variety of student problems on a one to one basis. Through this experience, it became quite apparent to me that a strong and progressive Student Council can be a tremendous asset to the general Student Body. It must follow, however, that an effective Student Council is only the reflection of an interested and active student population- in short, one deserving the other.

Sincerely yours,
Steve Espinal

7. Steve Espinal, our Student Body President, displays his cheerful smile. 8. Here are the Student Body officers resting their weary bodies after another exhausting Student Council meeting, B. McCullough, Social Commissioner; A. Kalfsbeek, Historian; E. Hursh, Secretary; S. Espinal, President; D. Vostinak, Vice President; N. Campiz, Parliamentarian; Lupe Perez, Treasurer. 9. Caoline Balsdon, Miss Kalfsbeek and Holly Weaver pay close attention to the session.

Bank of America Awards

The Pierce High Faculty has gathered together to pick the 1982-83 Bank of America award winners. Each student is picked for his achievement in certain areas of study. The Bank of America award is a great honor to the recipients.

Her love of climbing trees never stopped Lynne Martinez from excelling in English, Foreign Languages, and Social Sciences. She has received the Liberal Arts plaque and will continue in further competition all around Northern California. She's also working on her tree-climbing skills.

Mary Kalfsbeek's second home is the library. Through reading everything she can find, writing books of all kinds, and expanding her vocabulary beyond extreme limits, the B of A award for English was awarded to her.

Working closely with her assistant, Beatriz Hernandez experiments with deadly potions and swarming microorganisms. She, with the help of her assistant of course, has captured the science award.

The renowned explorer, Craig West, has studied the many countries of the world. With his great knowledge and experience in the field of government and geography, how could he be overlooked for the Social Studies award?

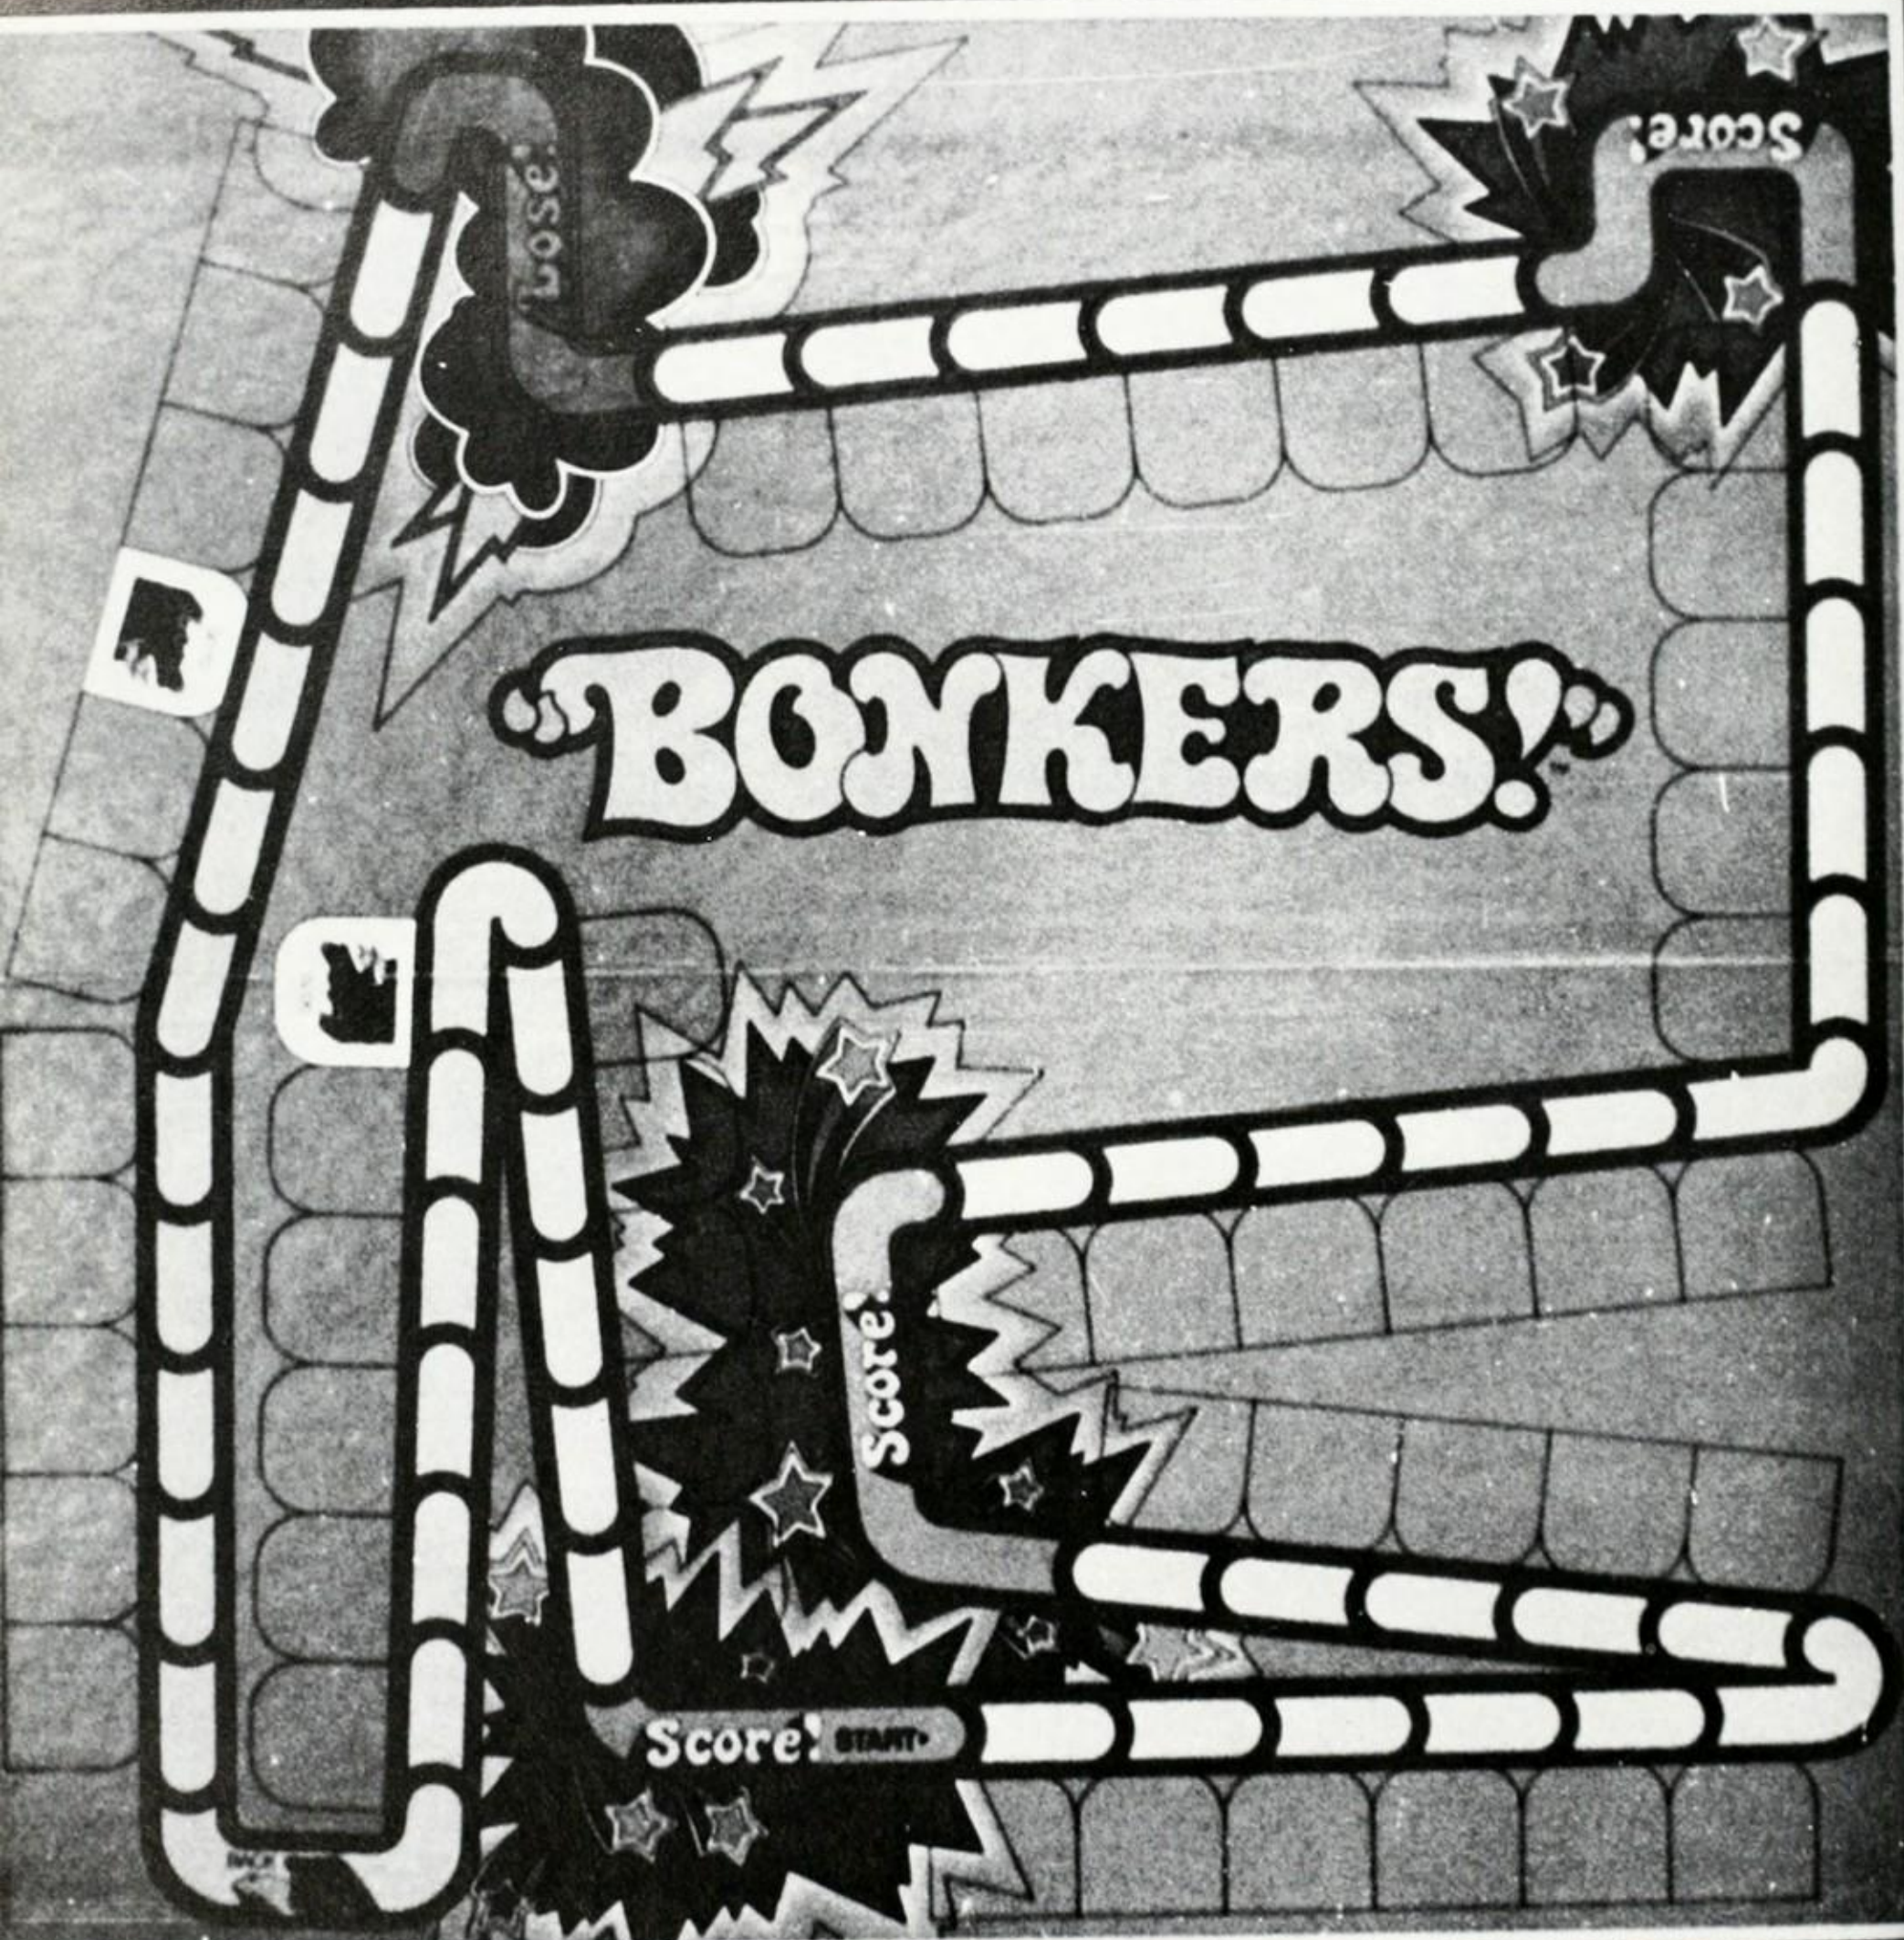

Clarke Ornbaun, a skilled welder and mechanic, not to mention an expert in precise fabrication work, is the big Industrial Arts winner. He has built a trailer using his skills, a cam bearing driver, lift kits, and many other things. Yes, Clarke is sure a handy man!

Bonnie McCullough shows us her intense interest in foreign culture by demonstrating a Mexican Hat Dance wearing the appropriate clothing. Bonnie was obviously a great choice for the Foreign Language award.

Erin Hursh shows us her theory that two plus two does not equal 4, but 5. Einstein along with Mr. Bode disagree with her, but because she has not been afraid to profess her mathematical beliefs, the faculty has chosen her for the B of A award in Math.

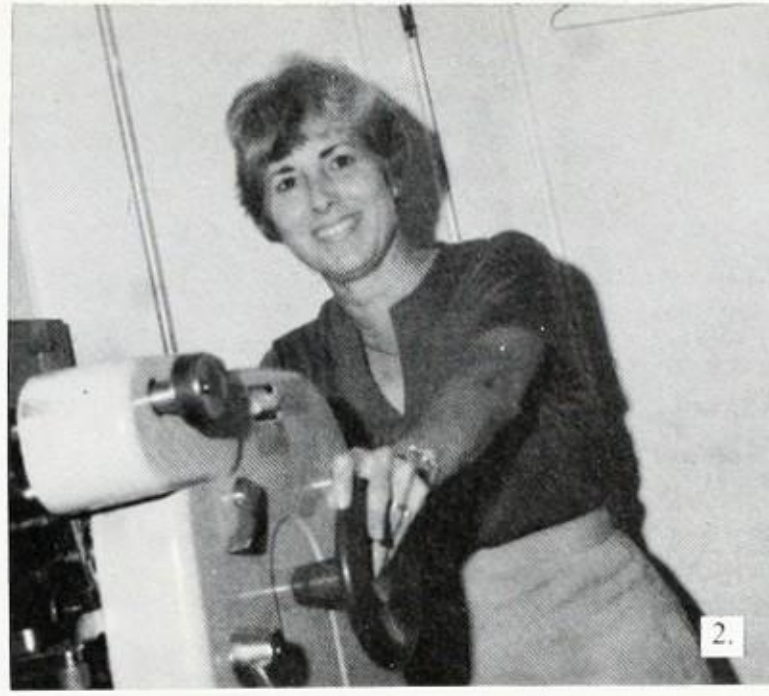

"BONKERS!"

Faculty

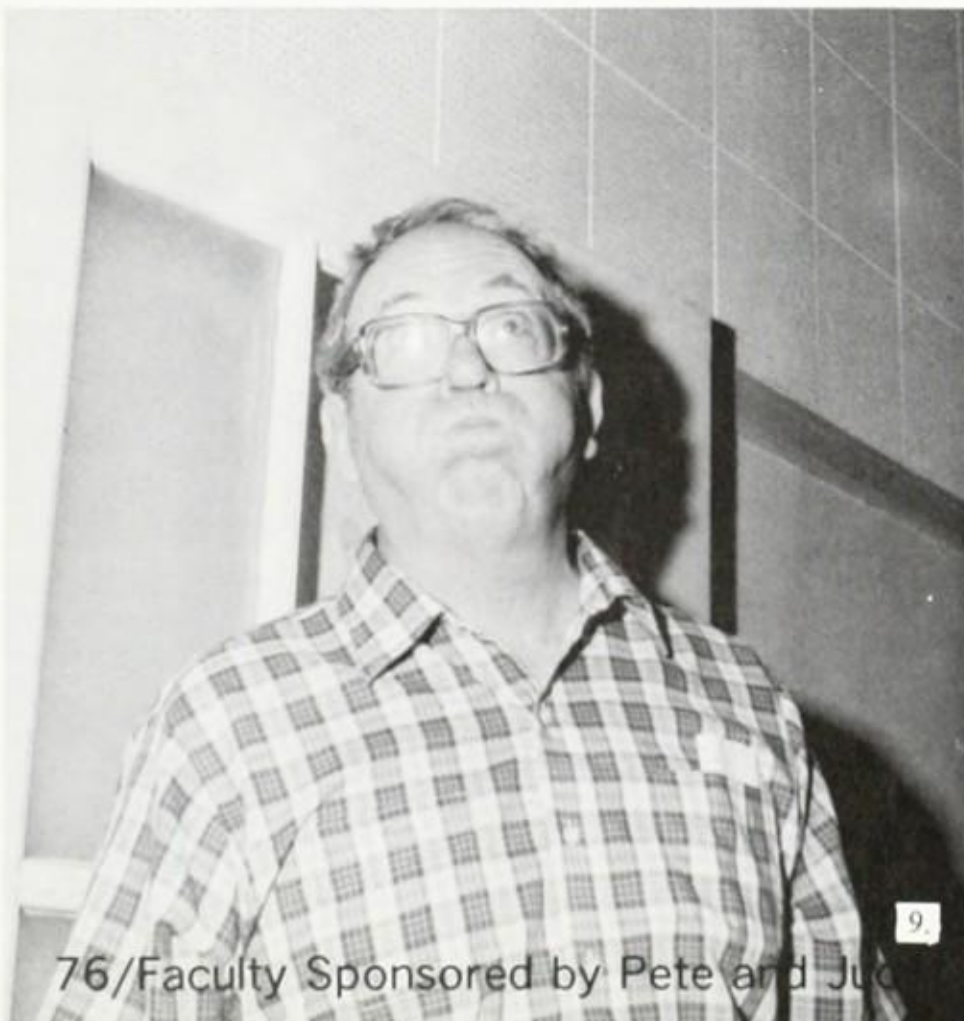

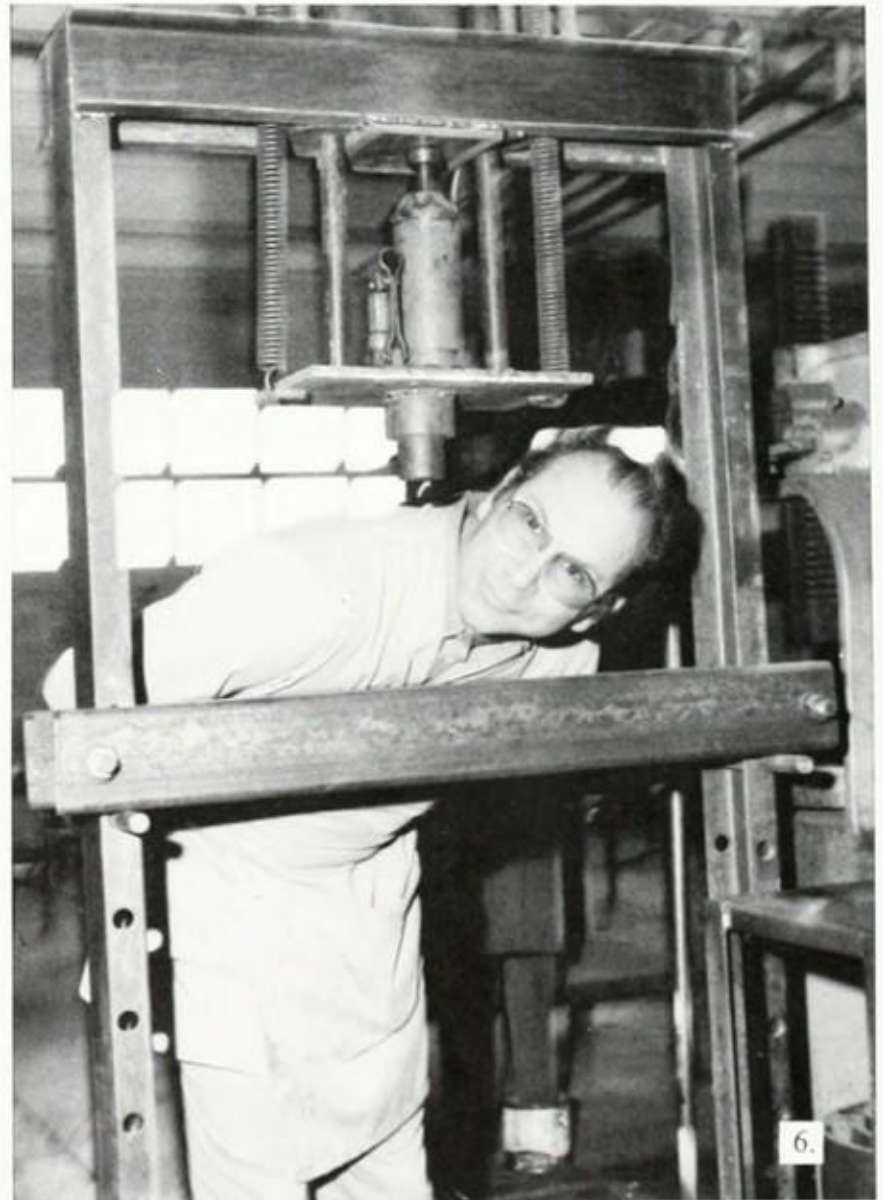

The Pierce High School faculty and staff have done a tremendous job against enormous odds. They have put up with naughty students, weak bladders, constant complaints and numerous distractions like gum popping, candy crunching, secretive snickering and endless talking. Nevertheless, our students have been educated, our

teams have been victorious, our halls and rooms spotless, our campus neatly groomed, and our school vehicles kept in good shape. From teaching to pruning we can truthfully say, we have the most superior faculty and staff around. We hope we have not driven them completely BONKERS.

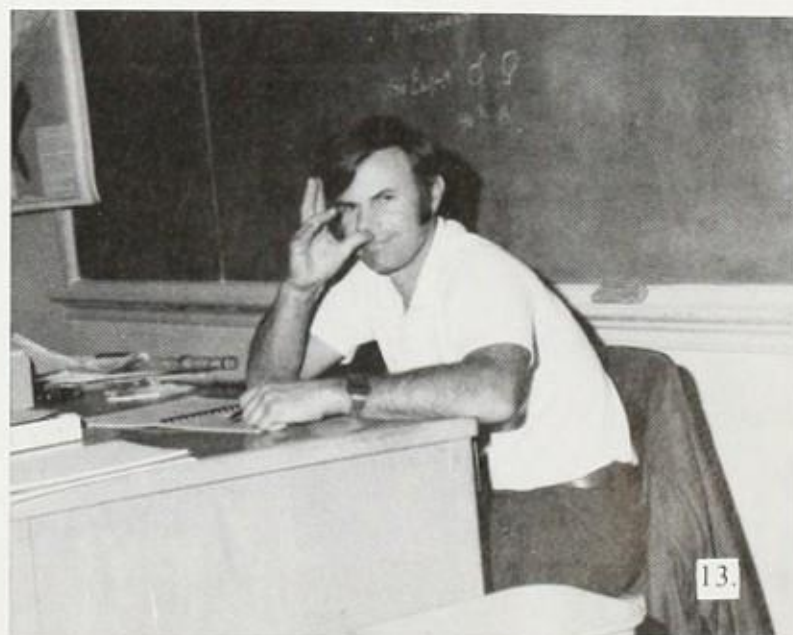

1. Mr. Espinal, as happy as ever, shows us how to study English. 2. Mrs. Simpson exercises Her secretarial duties. 3. Willard Roy is our dependable janitor. 4. George Daniels is the counselor and ag teacher. 14. Look at those sexy legs! Mr. Martinez is the social studies teacher and P.E. teacher.

We better mark this day as an historical event! 11. Miss Waters is one of Pierce's smiling substitutes. 12. We better feed Mr. Rucker some lettuce. He's starting to act like a rabbit. 13. Apparently, Mr. Brumley thinks his thumb smells pretty good.

1. Sitting at the back of the bus for a change are the bus drivers, Chester Birgess, Charlie Tuttle, Brenda Moore, Smokey Starnanter, and Delbert Hunt. 2. Mr. Steinhauer looks like he has welded his brain cells together! 3. Mrs. Carrion sings opera in the kitchen. 4. Mrs. Bell (now Mrs. Johnson) takes a break from her tough secretarial duties. 5. This is the board! They are Donald Frantz, Greg Ramos, John Miller, Jim West, Mr. Bell, and not pictured, Chuck Kelley. 6. It's a good thing you guys aren't in the hall! Willard Roy and Israel Gomez have a water fight. 7. Mr. Lawrence thinks he looks like John Snider. Maybe he can get a job on the "Dukes of Hazard". 8. George Daniel's motto in life is "Take a hike!". 9. Mrs. Saltzen just washed her hair and can't do a thing with it. 10. Mrs. Rominger helps with the reading class. 11. Mrs. Lauppe really liked the movie E.T., and she thought she'd like to be one too. 12. Joni Geyer shows off her beautiful figure. But you better take a fast look—she might not have it for long. 13. Mrs. Simpson has requested a maid for her desk. 14. Mrs. Jackson shares a few laughs with us from her new joke book. 15. Mr. Bell has decided that he wants a print of his face and is trying to figure out how he can get his head in the copy machine.

SORRY! Closing Candid

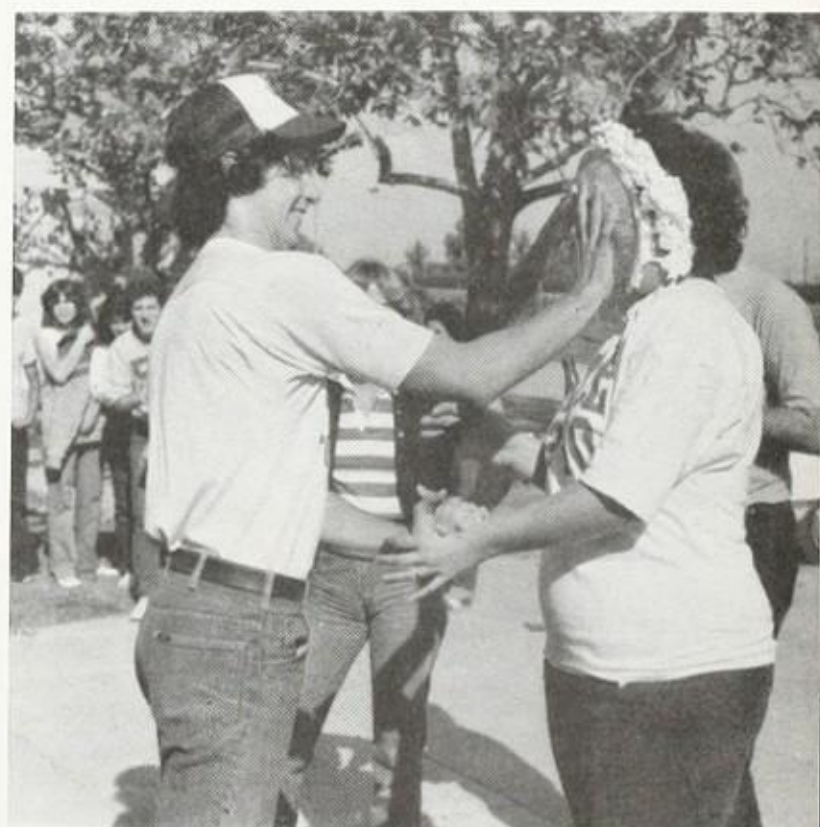

The 1982-1983 school year is one of many fond memories, new experiences, and great times. Through making new starts, new friends, and learning new things, we are constantly growing into young adults. Looking forward to starting our careers and planning our futures

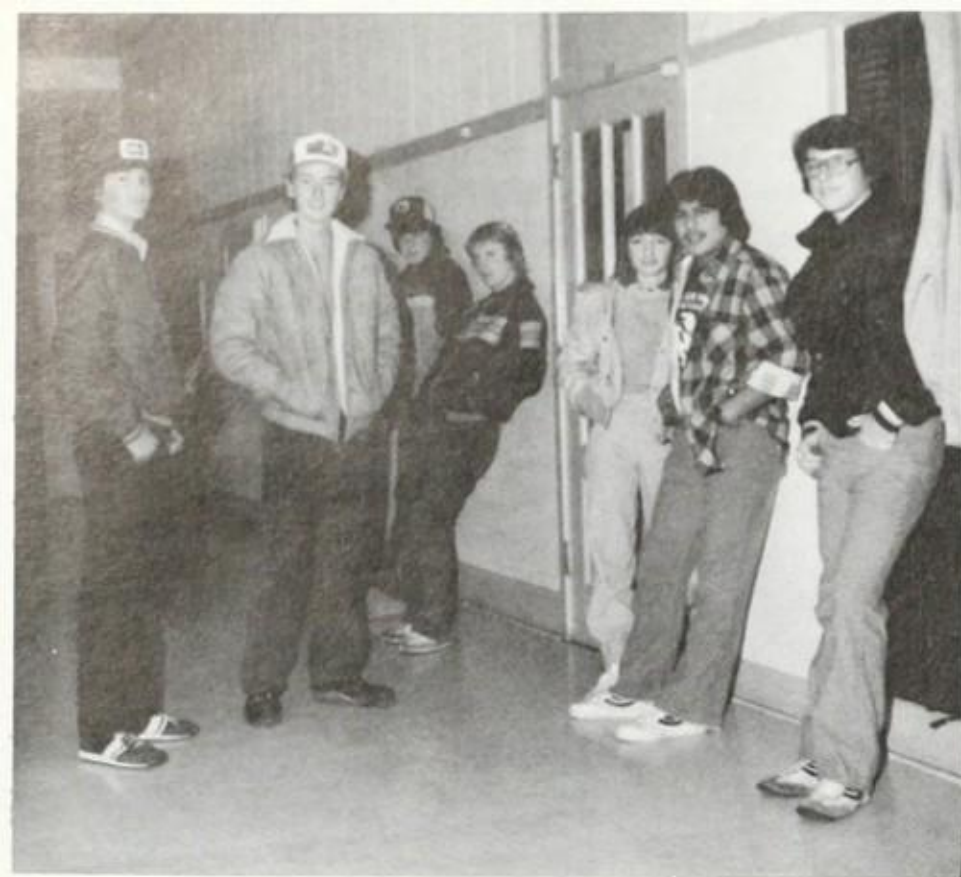

are now becoming more and more important to us. Pierce High School will always be more important to us, and we can truthfully say that we're SORRY that another year has slipped past us so quickly.

1. The J.V. boys are introduced at a pep rally. 2. Bart Scofield and Maria Juaramillo show us how much fun it is to be a Freshmen on slave day. 3. Deb Vostinak and Todd Goodman rock out. 4. Veronica Rodriguez and Maria Juaramillo take a jog around the gym. 5. Curtis Slatton takes great pleasure in squishing a pie in Miss Reiff's face. 6. Arturo Oliveras, Alex Corona, and Otilio Amaro attend their ROP health class. 7. Trinni Triplett and Frankie Reynoso sure make a cute couple. 8. The Pierce High crowds have the most spirit!

Dedication to the CLASS OF 1933

1933 was a tough year for everyone. Money was hard to come by, so new clothes, appliances, and everything else were rarely seen. This year started off the Great Depression. The Senior class of 1933 unfortunately couldn't scrape up the funds they needed to put out a yearbook that year, so those all important memories couldn't be captured and stored in a treasured yearbook. Because of their great loss, we, the yearbook staff, have decided to dedicate our yearbook to the class of 1933.

The members of the class of 1933 are Tom Sills, Bob Perkins, Leroy Sackett, Terry Tull, Glenn Myers, Rankin, Bruce Ruble, Elwood Chambers, Louise Miller, Gretchen Fisher, Arvilla Chisholm, Jessie Poundstone, June Morris, Verda Lou Christian, Doris Stetson, Miss Frances Miller, Frances Wyer, Sarah Waltsins, El DeBolt, La Vanche Christian, Cecilia Schohr, Addie World, Mabel Bertinsen, Clarice Hill, Leva Olivetti, St Atran, Mr. Hollenberg, Danny Ryan, Lester Gammons, Bill French, and Walter De Bolt.

Doug,

Well, I finally made it! Remember always riding to band together, those were the good 'ol days! Thanks so much for always making me smile and being a terrific friend. There's no guy I know as sweet, good-looking and as special as you. Come visit me in Chico next year, okay? I sure miss you so keep in touch. I love you always.

Love,

Lynne

Doug,
What a great feeling it is to be a senior, so close to graduating. But it's sad, too, knowing I won't be a part of Peace High School anymore. It only wish you could have been here! I have goals to keep us all together, to put on more Ed, Marie, and into clubs, and just to share all the great times with us. I miss you so much, and I hope we can spend a lot of time together this summer, and hopefully next year. You're definitely have to come visit me at Davis next year. Well Doug, it's time for me to say goodbye to you good 'ol times. I love ya much, and I'll remember always the great and best times of my life with you and Marie.
Love always,
Lynne
